**TOP 10 TIPS FOR
MANAGING OFF-TASK BEHAVIOUR
W/ DANIEL COHEN**

The goals that a teacher has for a lesson do not always match the goals that students have for how they spend their time. You will need to balance progress through the curriculum with creating a positive classroom environment that looks after student wellbeing. You also need to find a balance between directing students and enabling student voice and student choice.

This session will explore 10 strategies to manage students' behaviour to encourage engagement, increase student productivity and develop a classroom environment that you and the students can enjoy.
